

# A-ASPIRATOR

# A-ASPIRATOR

## GENERAL DESCRIPTION

Our **ASPIRATORS** are designed to separate efficiently the light trash from good cereals and grain. For this sole operation, a "AD" type aspirator (from which trash is sent directly to the dust collecting system) is recommended. If a separation of dust from the heavier lights is required, a decanting chamber is added to the aspirator, therefore transforming it into an "AS" type aspirator. Both types can be used as stand-alone units or combined to a rotary cleaner.

MODELS AS AND AD	CFM	DIMENSIONS (in)	Capacity (BPH)* WHEAT
150	2000	74 x 50 x 32	800
350	3600	74 x 50 x 32	1600
510	4600	92 x 59 x 40	2000
2010	7000	101 x 91 x 53	8000
2510	12000	101 x 91 x 74	12000
3504	12000	101 x 105 x 61	16500

\* Based on wheat at 60 lbs/Bu at 16% MC, 2% FM.

### LIMITED GUARANTEE

Our equipment is carrying a one year warranty on parts and labour.
