

# CS-CLEANER

# CS-CLEANER

## GENERAL DESCRIPTION

Our **CS CLEANERS** rely on the outstanding qualities and precision of the rotary drum for simple and fast separation of oversized and and/or undersized contaminants from good grain or cereals. Using different combination of screens, speed and slopes, these cleaners can scalp, sift or do both at the same time.

| MODELS | NB. SECTIONS | DRUM DIAM. (in) | DIMENSIONS (in) | Capacity (BPH)<br>*SCLAPING CORN | Capacity (BPH)<br>*CLEANING CORN |
|--------|--------------|-----------------|-----------------|----------------------------------|----------------------------------|
| CS-325 | 3            | 25              | 126 x 50 x 78   | 1000                             | 600                              |
| CS-425 | 4            | 25              | 153 x 50 x 78   | 1330                             | 900                              |
| CS-332 | 3            | 32              | 185 x 44 x 65   | 3000                             | 1900                             |
| CS-432 | 4            | 32              | 240 x 44 x 65   | 4000                             | 2800                             |
| CS-532 | 5            | 32              | 286 x 59 x 65   | 5000                             | 3700                             |
| CS-350 | 3            | 50              | 195 x 67 x 86   | 7000                             | 4700                             |
| CS-450 | 4            | 50              | 240 x 67 x 86   | 9330                             | 7000                             |
| CS-550 | 5            | 50              | 286 x 67 x 86   | 11660                            | 9400                             |
| CS-364 | 3            | 64              | 195 x 75 x 92   | 10000                            | 6200                             |
| CS-464 | 4            | 64              | 240 x 75 x 92   | 13330                            | 9400                             |
